FOR IMMEDIATE RELEASE

April 02, 2009

**CARD CELEBRATES AUTISM AWARENESS MONTH BY ENCOURAGING
OTHERS TO BE PROACTIVE**

Los Angeles, CA – The Center for Autism and Related Disorders, Inc. (CARD) celebrates National Autism Awareness Month. One in 150 children is diagnosed with autism in the United States. Throughout the month of April, CARD supports and will host a variety of events across the country that encourage individuals and communities to be more aware and get involved.

April 02 - World Autism Day - join CARD and millions of people worldwide in spreading awareness of autism as a growing global health crisis.

April 09 – A Taste of Heaven – join CARD and Autism Care and Treatment for an evening mixer in Tarzana, California. The event is open to the public.

April 24 – A Night of Entertainment – CARD New York hosts an amazing evening featuring artwork and entertainment by children with autism. The event will be held at the Larchmont office.

April 25 – Walk for Autism – CARD teams up with Autism Speaks as thousands unite for a single cause. The event will be held at the Rose Bowl in Pasadena, California. CARD will have a resource table on hand.

April 25 – CARD Carnival – join CARD Phoenix in a fun-filled day for the community.

April 30 - A Review of Behavior Assessment Procedures and Their Use in Schools – practitioners and educators can gain BCBA and BCABA continuing education hours with this online course presented by Dr. Michelle Bishop. For more information visit: www.centerforautism.com/cardce.

For complete details on these events and many more, please visit: www.centerforautism.com/autismevents.

Center for Autism and Related Disorders, Inc. (CARD) is among the world's largest and most experienced organizations effectively treating children with autism and related disorders. Following the principles of Applied Behavior Analysis (ABA), a treatment for autism that has been thoroughly researched and empirically validated by the scientific community, CARD develops individualized treatment plans.
