### **Center for Autism and Related Disorders Announces New Office Opening in Southern California**

**Riverside, CA February 09, 2010** The Center for Autism and Related Disorders, Inc. (CARD), one of the world's leading organizations effectively treating autism, announced the opening of a new office in Riverside, California. It is located at 7145 Magnolia Avenue. The new CARD office marks the 20<sup>th</sup> satellite office worldwide.

"This new office will help reduce the commute for families who find it difficult to reach our other Southern California locations," says CARD General Manager Christopher Daher, MBA. "The Riverside office will provide a host of autism services to teach all of our children the functional skills necessary to replace previously learned maladaptive behaviors, enabling them to live independent and productive lives."

CARD Riverside will provide: individualized treatment programs for ages 0-21 years old, direct one to one therapy, assessment and diagnosis, parent training, specialized outpatient services, and district training and consultation.

The Center for Autism and Related Disorders, Inc. (CARD) maintains a reputation as one of the world's largest and most experienced organizations effectively treating children with autism, Asperger's Syndrome, PDD-NOS, and related disorders. Following the principles of Applied Behavior Analysis (ABA), CARD develops individualized treatment plans for each child.

With a mission to increase access to the most effective treatments, CARD has developed strong working relationships with parent organizations, schools and government agencies all over the world, including the Middle East, Europe, and South Africa. CARD was founded in 1990 by Executive Director Doreen Granpeesheh, PhD, BCBA-D. For more information about CARD, visit [www.centerforautism.com](http://www.centerforautism.com).
